

USE OF THIS FORM

This is a form of assured shorthold tenancy agreement. **It can only be used to create:**

- (1) a tenancy in England and Wales;
- (2) of a house or flat that is to be occupied by the tenant;
- (3) at a rent of less than £100,000 per annum;
- (4) for a fixed term, for example 6 months or one year, and
- (5) for a maximum term of less than 3 years.
- (6) For a tenancy where if a deposit has been paid, it is protected by Mydeposits.co.uk

Whether the agreement is appropriate for the letting that any particular parties propose to enter can only be determined by the individuals involved.

It is also likely that some of the terms set out in the form may not be relevant or appropriate to every situation. Those using the form should, therefore, examine each provision carefully and assess whether each provision is suitable for their needs.

At some points the form requires an alternative to be selected or deleted.

Above all, the parties must appreciate that the agreement is drafted to create a legally binding agreement and, as such, should consider whether they wish to instruct a solicitor to advise them as to the suitability of the agreement to their individual situation.

There may also be certain specific matters that should be added to the agreement as a result of specific negotiations. For example, the landlord should consider whether to make express provision for rent review or to provide that the tenant is not to have the right to transfer the tenancy or to sublet the Property during the terms of the tenancy. The form provides space for such amendments to be made. Again, the parties should consider whether they wish to instruct a solicitor to advise them as to the suitability of any particular provision that they wish to include and the impact of that provision on the basic form of agreement.

As an assured shorthold tenancy, the terms of the tenancy and the landlord's right to claim possession will be governed primarily by the terms of the Housing Act 1988 (as amended).

As to repair, the landlord's obligations are also governed by sections 11-14 of the Landlord and Tenant Act 1985.

The internet provides free access to copies of the Acts and of any amending legislation, for example on www.hmso.gov.uk.

There are also certain regulations that will bind the parties regardless of the terms of the agreement, for example, HMO Licensing as to the fire resistance of furniture and furnishings, gas safety checks and minimum standards for electrical installations. The parties should take steps to inform themselves of their rights and obligations before entering an agreement. If in doubt, the parties should consult their local authority.

N.B. THIS FORM IS NOT DESIGNED TO BE A SUBSTITUTE FOR OBTAINING LEGAL ADVICE AS TO THE RELATIONSHIP OF LANDLORD AND TENANT THAT THE PARTIES INTEND TO CREATE.

- (ix) If any furniture, contents or effects in the Property are destroyed or damaged during the Tenancy to pay for any repair that may be necessary or replace the article with a matching article of a similar kind and of equal value. This obligation excludes liability for:

To formally notify the Landlord or the Landlord's Agent if the Property is to be unoccupied for any period in excess of two weeks so that the Landlord and the Landlord's Agent can consider the insurance, security, and protection issues a period of prolonged absence will raise.

N.B In addition to the Tenant's contractual liabilities under this Agreement, in the event of a failure by the Tenant to comply with any of the provisions set out in this Agreement relating to the protection of the Property during the Tenancy, the Tenant may be held responsible for any damage or destruction to the Property caused by the Tenant's negligence, and the Landlord may pursue such a claim by legal action

- (i) Not to cause a nuisance or annoyance to occupiers of near-by properties.
- (ii) Not to use or play any electrical equipment or musical instrument or practice singing at the Property so as to cause annoyance to occupiers of near-by properties.
- (iii) Not to create any excessive noise clearly audible outside the Property, in particular between 11p.m. and 9a.m (inclusive).

4(k) External Appearance

- (i) Not to allow a flag, placard, sign banner or poster of any description to be displayed so as to be visible outside the Property.
- (ii) Not to obscure the windows or doors of the Property with any material other than domestic curtains and blinds (depending on the fixings provided).

4(l) Washing etc

Not to hang or display in or around the Property any clothes or washing of any description except in areas designated for this purpose.

4(m) Open Fires

Not to use open fires in the Property except in fireplaces expressly authorised by the Landlord or the Landlord's Agent as appropriate for this purpose.

4(n) Storage

Not to deposit or store coal or fuel on any part of the Property save and except in the area or receptacle set aside for that purpose and described in Schedule A to this Agreement.

4(o) Fire Safety

- (i) **FIRE RISKS:** Not to keep combustible, inflammable, dangerous, or offensive goods, substances or other materials at the Property. Not to carry out any act which may cause a fire in the property or interfere with fire prevention and protection equipment, and to make sure escape routes from the Property are clear at all times.

Whilst this restriction does not include matches, it does include all candles and other naked flames which create a danger to the safety of the Property and its occupants. Where the Property is Licensed as a House in Multiple Occupation, and in certain other types of rented Property, there will be fire doors and a fire alarm system which is subject to annual servicing. At no time are fire doors to be propped open

- (ii) **FIRE DETECTION SYSTEM:** All occupants of properties where a Fire Alarm System is fitted must test the alarm(s) weekly and complete the relevant sections of The Fire Safety Log Book provided in the property, where it must remain at all times, as shown on the Inventory.

This is compulsory and failure to comply will result in Premier arranging for its staff and/or contractors having to do this for you and you will be charged.

Loss of The Fire & Safety Log Book will incur a fee of £100.00 inc. VAT for its replacement.

4(p) Waste - Not to commit "waste" at the Property.

This legal expression means:

- (i) Not to commit any act which causes wilful or negligent deterioration of the Property and of the furniture, fixtures, contents and effects listed in Schedule A to the Agreement. Acts which cause wilful or negligent deterioration of the Property or of the furniture, fixtures, contents and effects listed in Schedule A to the Agreement may include, for example, demolishing part of the Property or placing hot objects on unprotected furniture or cutting down trees.
- (ii) Not to fail to act to prevent or stop further damage to the Property and to the furniture, fixtures, contents and effects listed in Schedule A to the Agreement. Appropriate action to prevent or stop further damage to the Property and to the furniture, fixtures, contents and effects may include, for example, turning off the water supply to the Property at the mains in the event of a burst or leaking pipe, and removing furniture from a room effected by flooding.

This obligation does not alter the understanding of fair wear and tear (see clause 3(e)(ix)(i)).

4(q) Animals

Not to keep animals at the Property. The Tenant may apply to the Landlord for a relaxation of this clause and the Landlord will give consent if he believes it reasonable to do so and may apply reasonable conditions. If this permission is given, a certificate of de-infestation from a recognised provider must be presented to the Agent or the Landlord at the tenancy end date.

4(r) Satellite Dishes etc

Not to erect a satellite dish or cabling or any electronic reception device or to install or alter wiring at the Property without formal written consent from the Landlord or his Agent and Agreement as to the method and type of installation, such consent not to be unreasonably withheld.

At the end of the Tenancy if the installation and wiring and cabling is removed by the Tenant or the Tenant's contractor or at the request of the Landlord, then the reasonable costs of the removal, reinstatement and making good of the Property will be met by the Tenant.

4(s) Alterations or additions

Not to make any alterations or additions to the Property internally or externally, or erect any new building or structure and not to damage or allow others to damage any walls or timbers in the Property. If the Tenant wishes to re decorate at the Tenant's own expense the Tenant shall seek formal written consent from the Landlord who will give consideration to the methods and colours proposed and whose consent to the changes will not be unreasonably withheld.

4(t) Decorations etc

Not to cause any damage to the decorations and to any internal or external surface of the Property. In particular:

- (i) not to fix pictures or posters to any wall by means of additional wall piercing or fixing devices.
- (ii) Not to use sticky tape or adhesive fixing devices on the internal or external surfaces of the Property (including "White or Blue Tak") as this may damage the decoration of the Property.

If the Tenant seeks to display material on the walls of the Property using any form of fixing the Tenant must seek the Landlord's or the Landlord's Agent's formal written consent. Such consent will not be unreasonably withheld and the Tenant will be responsible for the costs of putting right any decorations damaged by such additional fixings at the end of the Tenancy.

4(u) Condensation

Condensation will affect the majority of properties including this property. It is the tenants' responsibility to minimise effect. Heating must always be left on low, to maintain an ambient temperature of 21 degrees except in the summer months, and certainly when the property is empty. Only self-condensing tumble dryers may be brought into the property unless installed and vented through walls by Premier. Bathroom windows must be kept open after showering and doors closed to prevent moisture circulating around the property. Kitchen windows must be opened during and after cooking.

4(v) Smoking

Not to smoke, or allow guests of the tenants to smoke at the property or on the land of the property. The tenant may apply to the Landlord for a relaxation of this clause and the Landlord will give consent if he believes it reasonable to do so and may apply reasonable conditions.

4(w) Pests

It is agreed that any infestation of rodents, slugs, bedbugs, ants, fleas etc. Will be the responsibility of the tenants, unless these are sighted within 3 days of the tenancy start date in which case the landlord will be liable for all treatments and disposals. The tenant must take all necessary steps to prevent such infestations and in particular personal hygiene are a priority and the tenant agrees that should such infestations occur they will immediately notify the agent or their landlord to agree the most suitable course of treatment.

4 (x) Saniflow

Where a Saniflow WC is installed in the premises the tenants acknowledge and accept herewith full liability for the performance of the installation and acknowledge that they will not under any circumstances place into the system of the Saniflow and items other than natural waste of small amounts of toilet tissues or similar. No sanitary products, condoms, or otherwise are to be placed into the system. The tenants acknowledge that mis-use will result in them being liable in total for all repairs to the Saniflow and any other costs arising from such an incident.

4 (y) Obstructions

No bicycles, pushchairs or other machinery is to be stored in any entrance way or hallway as this contravenes the fire and safety exit regulations.

4 (z) Legionella

Where showers are installed, these have the means of creating and dispersing water droplets which may be inhaled causing a foreseeable risk of exposure to legionella. However, if used regularly the risks are reduced but in any case, tenants must regularly clean and disinfect showerheads. Instantaneous electric showers pose less of a risk as they are generally coldwater-fed and heat only small volumes of water during operation. It is important that water is not allowed to stagnate within the water system. As a general principle, outlets on hot and cold water systems should be used at least once a week to maintain a degree of water flow and minimise the chances of stagnation.

5. CLAUSES THAT RELATE TO LEASEHOLD PROPERTY ONLY

Where the Property is subject to a Superior Lease to a Superior Landlord and the Landlord has undertaken to perform the covenants and conditions and provisions and agreements set out in the Superior Lease (excluding any payment of ground rent, rent, or service charge) then:

- (a) The Tenant promises the Landlord that the Tenant will perform the covenants and conditions and provisions and agreements set out in full in *Schedule B* to this Agreement.

The covenants and conditions and provisions and agreements set out in *Schedule B* to this Agreement may be worded in legal language and the Tenant is advised to consider them carefully and if necessary to seek their own advice, for example from a solicitor or a Citizens Advice Bureau or a Law Centre.

- (b) In particular the Tenant promises the Landlord that the Tenant will not do or permit anything to be done which under the terms of the Superior Lease requires the approval of the Superior Landlord without obtaining such approval as well as the approval of the Landlord under this Agreement.

Any application for such approval will require to be referred in the first instance to the Landlord under this Agreement or the Landlord's Agent, and any reasonable costs of the Landlord considering such application will be paid by the Tenant whether the application is granted, refused or withdrawn.

- (c) The Tenant must inform the Landlord promptly of any damage destruction or need for repair to the Property so that any damage or disrepair will not deteriorate and so that the Landlord or the Landlord's Agent can inform the Superior Landlord or the Superior Landlord's agent as soon as possible

6. INDIVIDUALLY NEGOTIATED CLAUSES

In addition to or instead of the standard clauses listed above, the following have been individually negotiated between the Landlord and the Tenant as part of this Tenancy Agreement.

Where one of the standard clauses listed above is to be replaced by an individually negotiated clause, the standard clause should be struck through and initialled by the Landlord and the Tenant for the avoidance of doubt.
